## 2 Scope

## 3 Definitions

The following definitions are established to insure equity and consistency in carrying out this policy:

### 3.1 External Professional Activities for Pay

Any activity that:

1. is performed on an individual contractual basis for an entity other than an constituent or other agency or unit of The University of North Carolina.
2. is based on the professional knowledge, experience, and abilities of the faculty or other professional staff member.

### 3.2 Department

An academic department, a professional school without formally established departments, or any other administrative unit so designated by the Chancellor of Appalachian State University (or one of its fellow constituents, or by the President for the General Administration) for the purpose of implementing this policy.

## 4 Policy and Procedure Statements

### 4.1 Policy Adopted by UNC Board of Governors

4.1.1 The following policy statement was adopted by the University of North Carolina Board of Governors on November 9, 1979, and took effect January 1, 1980. Although this policy statement refers only to Appalachian State University, the intent of the Board of Governors is for it to apply to the University of North Carolina and all the constituent institutions.

### 4.2 Professional Affiliation and Public Services

4.2.1 Appalachian State University seeks to appoint and to retain, as faculty and other professional staff members, individuals of exceptional competence in their respective fields of professional endeavor. The University therefore encourages these individuals to participate in professional activities and to maintain professional affiliation based on their areas of knowledge and interest. These activities include those undertaken as:

1. Members of professional associations and learned societies.
2. Membership on review or advisory panels.
3. Presentation of lectures, papers, concerts, or exhibits.
4. Participation in seminars and conferences.
5. Preparation, review, or editing of scholarly publications.
6. Membership on accreditation bodies.

4.2.2 Such activities performed for nominal honorarium or reimbursement of expenses or both are encouraged so long as they do not conflict or interfere with the performance of University duties and responsibilities, and they shall not be subject to the procedures defined in the Procedural Requirements of this statement.

### 4.3 External Professional Activities For Pay

4.3.1 Because of competence in their areas of special knowledge and interest, faculty and other professional staff are also invited by various public and private organizations to provide, for pay, consultation and other professional services.

4.3.2 By engaging in these external professional activities for pay, these individuals have an opportunity through the practical application of their professional knowledge to enhance their own capabilities in teaching, research, and other University service. Participation of faculty and other professional staff in external professional activities for pay is therefore an important characteristic of academic employment that often leads to significant societal benefits. However, these external professional activities for pay are to be undertaken only if they do not:

1. Interfere or conflict with the performance of the primary obligation of the individual to carry out all University duties and responsibilities in a timely and effective manner; or
2. Involve any inappropriate use or exploitation of University facilities, equipment, personnel, or other resources; or
3. Make any use of the name of Appalachian State University or The University of North Carolina for any purpose other than professional identification; or
4. Claim any University or institutional responsibility for the conduct or outcome of such activities.

## **4.5 Special Provisions**
