4 Policy and Procedure Statements

As a result of the increasing costs of issuing procurement requests, purchase orders and checks, petty cash funds have been established for small purchases and emergency purchases.

Petty cash funds are available for use by University departments and areas under University control. All areas are required to follow the same procedures when using petty disbursing funds.

The fund should not be used to cash personal checks for employees or students, for any type of loan to any person, nor to pay a person for services rendered. This procedure does not replace the routine purchasing procedures. However, if the purchase meets the criteria outlined in Items 1 through 7 below, this procedure may be used in lieu of the regular purchasing procedures.

4.1 Requirements For Use of Petty Disbursing Fund

4.1.1 The Central Petty Cash Fund may be used when:

1. There is a need for items that can be purchased locally at an economical price.
2. The University Warehouse is out of the items.
3. The reimbursement amount is $75.00 or less per item with a $100.00 total purchase price. (Note: Orders may not be split into smaller increments to avoid the $100.00 limit)
4. The budget account to which the purchase is being charged is maintained by the Controller's Office.
5. The purchase of first aid supplies must be approved by the Safety Officer before reimbursement will be made by the Controller's Office.
6. Requests for reimbursement must be submitted for payment within thirty calendar days from the date of purchase.
7. Designated University employees may be reimbursed for the one-pair-per-year safety shoes allowed by NC Statutes. The reimbursement shall be for the allowed maximum amount of $80.00, regardless of the cost of the shoes shown on the invoice. The authorized reimbursement amount was effective as of October 24, 2007.
