1. Meet with you provatively, at a place of your choice, to take a complaint report.

However, the law requires notification of the campus community of crimes that are "considered to be a threat to other students and employees" and disclosure of the time, date, location and nature of a violation.
3. Not prejudge you. Treat you and your case with courtesy, sensitivity, dignity, understanding and professionalism.
4. If you feel more comfortable talking with an officer of one gender rather than the other we do our best to accommodate your request.

6. Fully investigate your case and keep you informed about the progress of the investigation and/or prosecution.
