Collection of Cash Outside University Cashier's Office

Policy 503.3

1 Introduction

1.1 Many Appalachian State University departments are responsible for collecting University related receipts from students, faculty, and staff. Sound accounting practice requires that an accurate record of all such receipts be retained in the event of future audit. This statement outlines the policies for the collection of cash outside the Cashier's Office.

2 Scope

2.1 Scope of Statement

2.1.1 It should not be assumed that any cash to be collected does not fall under the scope of this policy statement without first contacting the Office of Internal Audits.

3 Definitions

3.1 Approval Form

Departments that need to collect cash must complete a "Request for Authority to Establish Receipts Collection Point" form before collecting any money. After the form has been approved, an appropriate cash collection method will be designated.

3.2 Cash

For the purpose of this statement, cash is defined as currency, coin, and checks received for any program or purpose at Appalachian State University regardless of the source of funding for the program or the collected monies intended use.

4 Policy and Procedure Statements

4.1 Receipting Requirements

4.1.1 Receipt Must be Issued - Departments must issue receipts to persons from which money is collected at the time the funds are received. Official three part, pre-numbered, Appalachian State University receipts are obtained from the Cashier's Office in books of 200 receipts per book. The department is responsible for all receipts issued to it.

4.1.2 Receipt Distribution - The receipts are to be used in strict numerical order, copies distributed in the following order:

1. The original or first copy of the receipt is given to the payer.
2. The second copy of the receipt should be maintained in numerical order and turned in to the Cashier's Office with the funds collected.
3. The third copy of the receipt is maintained in numerical order in the receipt book in the department until all receipts are used.

4.1.3 When all receipts in a book have been used, the book should then be returned to the Cashier's Office and exchanged for a new book.

4.1.4 Void Receipts - In the event a receipt must be voided, all three (3) copies are to be retained in the receipt book. DO NOT DESTROY ANY PORTION OF A VOIED RECEIPT.

4.2 Receipt Exceptions

4.2.1 Use of Cash Registers - Where the volume of sales justifies their use, cash registers shall be used recording tapes listing the amount of each sale. A sales tape produced by the cash register must be given to the customer. When cash registers are used, procedures for their use should be obtained from the Cashier's Office.

4.2.2 Class/ Organization Form - For one-time collection of receipts for a class or organization, the Organization Class/Organization Receipt Form may be used (see Cashier Appendix 4?). This receipt form is only available through the Cashiers Office, 262-2113. Refer to Cashier Procedure Statement 1 for instructions.
Sale of Admission Tickets - Receipts are not required for funds received from the sale of admission tickets that are either pre-numbered or show the section, row and seat for which they were sold. However, cash reports must be prepared and deposits made daily. After the event, a final cash report and ticket inventory reconciliation should be prepared.
